Something in your life  
that was better before.

Something in your life that  
was not better before.

Something mundane  
and rare about you.

Something mundane  
that you hate.

Some hours, days, weeks,  
years of your life that  
could be a movie.

Someone who isn't aware  
they changed your life.

Something about which  
you changed your mind.

Something  
expensive you own.

One of your favorite meal.

One of your worst date.

One of your worst  
work meeting.

People do not understand  
why you like that.

Money you did not deserve.

Nobody is going to  
believe that this really  
happened... yet it's true.

One of your best date.

One of your best  
work meeting.

Something that  
makes you laugh.

Something that  
makes you sad.

Something that makes  
you think: "I was such  
an idiot back then!"

Something that makes  
you uncomfortable.

Something that makes  
you a good flatmate.

Something that  
makes you angry.

Something that  
makes you calm.

Something that  
makes you happy.

Something that does  
not make you laugh.

Something that  
does not move you.

your bucket list, that  
you still haven't done.

about one other player.

are jealous about  
one other player.

Something very  
old that your own.

Something that  
recently made you cry.

Something that scares you.

Something that shows that  
you are not that old yet.

Something that shows  
that you are not  
that young anymore.

Something you should have  
stopped a long time ago.

Something you  
should have told.

Something you  
should not have told.

Something you  
still cannot do.

Something you fear for  
your children or parents.

Something you like,  
that you did not like.

Something you never did.

Something you  
should get rid of.

Something you care  
a lot about, but a  
burglar would not want.

Something you could  
talk about for hours.

Something you did  
not think you would  
ever say, and yet...

Something you did with  
your parents that your  
children won't do with you.

Something you  
cannot believe.

Something you cannot  
do better than before.

Something you cannot do  
better than most of people.

Something you cannot do  
better than your parents.

Something your parents  
are proud about.

Somewhere you would  
like to go, but you  
will probably never.

That time it went  
better than expected.

That time it went  
worst than expected.

Something your  
are proud about.

Something your  
are really bad at.

Something your  
are really good at.

Something your parents  
are not proud about.

Something you would  
like to be able to do, but  
that you are probably  
never going to learn.

Something you would  
not change even if  
you won the lottery.

Something you would  
rather not know.

Something your are  
not proud about.

Something you used to  
like, but you no longer like.

Something you will  
probably never do again.

Something you would do if  
you were not that ashamed.

Something you would do if  
you were not that scared.

That time you should  
not have been nice.

That time you should  
not have helped.

That time you told  
yourself: "never again!"

That time you were at the  
right place at the right time.

That time you  
dodged a bullet.

That time you got  
a quick comeback.

That time you lost all hope,  
but it eventually went fine.

That time you should  
have kept quiet.

That time you could explain,  
but nobody believed you.

That time you could not  
resist to peer pressure.

That time you could  
resist to peer pressure.

That time you did  
not acknowledge  
you were wrong.

That time you are probably  
remembered as the bad guy.

That time you are  
probably remembered  
as the good guy.

That time you are probably  
remembered as the idiot.

That time you  
broke the law.

You cannot understand  
why people love that.

You disagree about  
that with most of  
the other players.

You feel illegitimate,  
but you should not.

You hesitated a lot, but  
you took the right decision.

When you got turned down,  
and you will never forget it.

When you realized the  
social class you belong to.

When you realized  
the word is not fair.

When you thought:  
"He/She is the  
man/woman of my life."

That time you weren't  
aware of the danger.

What do you  
need these days?

What do you  
want these days?

What radicalized you?

That time you were  
at the wrong place  
at the wrong time.

That time you were right,  
but nobody believed you.

That time you were the  
perpetrator of an injustice.

That time you were the  
victim of an injustice.

You know you should not,  
but you keep doing it.

You wonder how you  
have been living  
without that for years.

Your bedside book.

Your useless talent.
